GREAT NORTHERN 325

GN SDP40 325 Portland, OR April 1970 - Jack Taylor photo used with permission

Thanks to the generosity of the BNSF Railway, BNSF SDP40 6327 (ex-Great Northern 325) has been donated to the Minnesota Transportation Museum. The Museum would like to return BNSF 6327 to GN 325 painted in the Big Sky Blue paint scheme that it wore during the last years of service on the Great Northern *Western Star* and *International* passenger trains. Will you help with this effort? Your contribution will be a great help to bringing back the Big Sky Blue paint scheme to an operating locomotive. Please send your tax-deductible donation for painting locomotive GN 325 to the address below.

Thanks for your help.
