Equipment Register
And Maintenance Assignment

This Equipment Register contains a complete listing of all Amtrak owned and leased equipment, passenger cars, locomotives, and maintenance of way.

The Register consists of eight basic parts:

1. Introduction and explanation of codes used
2. Equipment Assignment Summary Matrix
3. Locomotive Register
4. Car Register
5. Maintenance Facility Assignments - Locomotives
6. Maintenance Facility Assignments - Cars
7. Business/Private Car Register
8. Amtrak Freight and Special Equipment Summary

A complete, revised Equipment Register and Maintenance Assignment is issued twice a year, May and November. Amendments are issued as required.

Distribution as follows:

Amtrak field distribution is made through the General Superintendent. Headquarters distribution is made through the department head. All requests for copies are to be made to the General Superintendent, or department head, who will request directly from the Director, Equipment Utilization.

Contract Railroads field distribution is made through the NRPC Operations Officer for each railroad. All requests for copies are to be made to the NRPC Operations Officer, who will request directly from the Director, Equipment Utilization.

Others - Requests to be made directly to the Director, Equipment Utilization.

Questions can be addressed to the Director, Equipment Utilization.
